

## PLAN TO RAPIDLY RE-LOAD SUBMARINE

### Deutschland May Begin Taking on Cargo of Nickle and Rubber This Morning

## TUG COMPLETES REPAIRS

### Report Company Being Formed for Purpose of Carrying on Undersea Commerce

## U-BOATS TO CARRY FOODS

BALTIMORE, Md., July 12.—That plans were afoot rapidly to reload the submarine Deutschland and slip her out on her return voyage to Germany was indicated tonight. A special permit was obtained for continuing the unloading of the vessel tonight and it was expected that she would be ready by dawn tomorrow to begin taking on a cargo of nickle and rubber.

No one in authority would say when the vessel would depart and the only positive statement in that connection was contained in Captain Koenig's declaration to the local customs officers that he expected to sail "within ten days."

The tug Thomas F. Timmons, completed repairs today and took up a position directly in front of the Deutschland. When the Timmons entered drydock it was reported that she was getting ready to return to the Chesapeake, as she did the Deutschland, the submarine Bremen which is said to be four days on her way to this country.

The air of mystery surrounding all discussion of the Deutschland's departure was deepened today by reports that her clearance papers may not be made public when filed, thus preventing advance notice of her leaving being obtained.

It became known late today that several conferences have been held here between representatives of the Ocean Navigation company and of the Krupp Steel company and Simon Lake, inventor of the submarine. This gave rise to reports that a company was in process of formation for the purpose of carrying on undersea commerce between this country and Germany and that Mr. Lake had been invited to accept the position of consulting engineer.

While no official announcement could be obtained from Paul G. L. Hilken, the American representative of the submarine interests it is understood that plans for the new venture will be sent back to Germany on the Deutschland.

### Reaches Agreement With Owners

Mr. Lake is said to have reached a satisfactory agreement with the owners of the Deutschland and to have abandoned any intention of libelling the vessel.

Two cars of 15,000 gallons each of lubricating and fuel oil were ordered for the Deutschland last Monday. When they had not arrived today a "hurry up" was sent out by the railroad company at the instance of the submarine's agents.

### Will Carry Foodstuffs

Amsterdam, July 12.—via London.—The next German commerce submarine to go to America will bring back foodstuffs, particularly condensed milk, according to reports received here from Bremen. Condensed milk also will be the bulk of other submarines' cargoes.

### Emperor William is credited with having a financial interest in the scheme. His shares are said to be held in the name of Director Heinen of the North German Lloyd.

### May Announce Ruling Today

Washington, July 12.—Although state department officials virtually are convinced that the German submarine Deutschland is strictly a merchant vessel, the advice of the neutrality board probably will be sought before a final ruling is made. Acting Secretary Polk indicated today that the ruling would not be delayed long and it may be announced tomorrow. It is understood he considers that there is nothing lacking to establish the Deutschland's status as a peaceful merchantman and desires to consult the neutrality board only in order to give added weight to the department's formal decision.

### PRAISE DIXIE HIGHWAY.

Chicago, July 12.—Nothing but praise for the Dixie Highway which runs from Florida to Chicago was voiced tonight upon the arrival of a party of twenty-one persons from Florida who have just traversed the highway. H. C. Duncan of Tavares, Fla., in charge of the party said that the road was all that could be desired. The party probably will leave Saturday for the Straits of Mackinac. They left Tavares June 28th.

### YOUNG MAN DROWNS IN RIVER.

Burlington, Iowa, July 12.—Rex Thomas, 20 years old, a member of one of the most prominent and widely known families in Wapello, Iowa, was drowned in the Iowa river across from Wapello late today. He was in bathing and seized with cramps. A diver has gone to the scene from Burlington and a pulmotor has been sent.

### PASS M'GILLICUDDY-KERN BILL.

Washington, July 12.—The McGillicuddy-Kern bill providing a system of workmen's compensation for federal employees, was passed by the house today by a vote of 286 to three.

## IOWA DEMOCRATS GO ON RECORD AS FAVORING PROHIBITION

Endorse Wilson Administration—Chief Fight in Resolutions Committee Comes Over Prohibition Plank.

Des Moines, Iowa, July 12.—Iowa Democrats in convention assembled today for the first time in the memory of any of the leaders present went on record in the state platform on favoring prohibition. The report of the resolutions committee adopted by the convention endorsed the views of E. T. Meredith, gubernatorial candidate and an announced dry, and went on record in favor of the re-submission to the people of the state of the constitutional amendment providing for statewide prohibition.

The platform endorsed the Wilson administration, favored amendment of the primary law, workmen's compensation, good roads and economy in administration of the business of the state.

The chief fight in the resolutions committee came over the prohibition plank. For nearly four hours the members argued, but the final vote for adoption was seven to four.

Harmony marked all other deliberations. There were no contests and only one change made by the committee on permanent organization—the appointment of M. J. Healy of Fort Dodge, who was chosen permanent chairman. Other temporary officers were made permanent. During the afternoon while the resolutions committee deliberated the convention marked time and was addressed by distinguished Democrats from all parts of the state.

## ANNOUNCES PLAN FOR FILING PRIMARY PETITIONS BY MAIL

Stevenson Counts Upon Plan to Eliminate Necessity of Waiting in Line to Get Names Entered Early.

Springfield, Ill., July 12.—A plan for filing primary petitions by mail, counted upon to eliminate the necessity of candidates or their representatives waiting in line for hours or days in order to get their names entered early, was announced here tonight by Lewis G. Stevenson, secretary of state of Illinois.

In the past as many as six hundred candidates or their paid "waiters" stood or sat in line in the state house corridors for days, nights and sometimes for weeks in the hope of getting their names on the top of the ballot. It has been a popular belief that the candidate whose name stood first in any list, had the best chance of election especially in districts where there were many foreigners or uneducated voters.

The first day for filing petitions for the September primary is next Saturday, July 15th. Secretary Stevenson announced tonight that petitions received by mail will be given preference in time of filing over petitions delivered by the petitioners themselves. Petitions received in the regular mail deliveries will be filed prior to those delivered as registered or special delivery mail.

Secretary Stevenson expects that between 900 and 1,200 petitions will be filed.

"The practice of accepting petitions delivered by messenger has proved unsatisfactory in the past because it caused a great deal of personal bitterness," the secretary said.

## DUNNE DEMOCRATS SEEK SUPPORT OF REGULAR CHICAGO ORGANIZATION

CHICAGO, July 12.—Political friends of Governor Edward F. Dunne today served notice on Roger C. Sullivan that unless Governor Dunne is supported by the regular organization in Chicago in his fight for re-nomination they will put up a full Cook county slate in opposition to the one recently named by the Cook County Democratic committee.

William L. O'Connell, representative of Governor Dunne had a long conference with Roger C. Sullivan and other Cook county leaders today at which the governorship was discussed but it was said no agreement was reached.

Mr. Sullivan is said to have said that he had no desire to oppose the re-nomination of Governor Dunne but that many of his lieutenants were in favor of running a candidate for governor. It is said the question will be settled next week.

### PRAISE DIXIE HIGHWAY.

Chicago, July 12.—Nothing but praise for the Dixie Highway which runs from Florida to Chicago was voiced tonight upon the arrival of a party of twenty-one persons from Florida who have just traversed the highway. H. C. Duncan of Tavares, Fla., in charge of the party said that the road was all that could be desired. The party probably will leave Saturday for the Straits of Mackinac. ## PHYSICIANS TO DISCUSS INFANTILE PARALYSIS

DR. SIMON FLEXNER WILL ADDRESS  
MEETING OF MEDICAL MEN

Feeling of Optimism in New York Health Department—Fewer Cases Are Reported And No New Areas Invaded.

New York, July 12.—While Health Commissioner Emerson declined tonight to discuss the report that a New York physician had succeeded in isolating the germ of infantile paralysis, great importance was attached by medical men to the meeting of physicians tomorrow night which will be devoted to a discussion of the disease which has cost 287 deaths out of 1,446 cases in this city since the epidemic began.

Among the speakers will be Dr. Simon Flexner of the Rockefeller Foundation who is devoting his energies to a study of infantile paralysis.

It was semi-officially admitted that scientists have progressed so far that they are testing a culture in which they believe they will find traces of the germ and ultimately isolate it.

There was a feeling of optimism in the health department today not only because there were fewer cases reported than yesterday but also because no new areas were invaded.

It was announced that health officers of Chicago, and other cities have been asked to report any persons who go to those cities from the infected areas in New York and develop the disease there.

Dr. John Dill Robertson, health commissioner of Chicago, who came here today to investigate the situation, declared his department had not been called upon to treat an unusual number of cases of the disease.

## Confirm Three Suspected Cases.

Springfield, Ill., July 12.—Three suspected cases of infantile paralysis, one each at Freeport, Eureka and between Cherry and LaMoille were confirmed by the Illinois State Board of Health today, bringing the total number of confirmed cases in the state to 26. Two suspected cases one at Collinsville and one at Winchester, were found not to be infantile paralysis. Eight cases still are under investigation.

This afternoon the diagnosis of the case at Dalton City was confirmed by an investigator of the Board of Health, bringing the total of confirmed cases of infantile paralysis in the state to 27.

Dr. C. St. Clair Drake, secretary of the board, today recommended the indefinite postponement of any "Bettin Baby Show" which may be planned about the state, as a precaution against further spreading of the disease. Infantile paralysis now exists in twenty different sections of the state.

## PLACE FORFEITED BURLINGTON FRANCHISE IN HANDS OF JUSTICE

WATERLOO, Iowa, July 12.—At the meeting of the Central association directors here today, it was decided to place the disposition of the forfeited Burlington franchise in the hands of President M. E. Justice. Ottumwa made the strongest bid for the franchise and will probably secure it.

Dubuque submitted a bid, but was not in position to state at this time that the city was ready to take over the franchise. Ottumwa on the other hand, is ready to take over the team at once and pay off delinquent salaries. It was the consensus of opinion that Ottumwa should be awarded the franchise. President Justice stated that he would decide the matter within twenty-four hours.

The directors overruled President Justice on the protested Muscatine Marshalltown game, in which the president had thrown out a game won by Marshalltown on May 22nd. The game now stands as having been won by Marshalltown.

## M. W. SAVAGE DIES

Minneapolis, Minn., July 12.—M. W. Savage, aged 55, one of the foremost horsemen of the country died at a local hospital tonight after a brief illness. His death followed by a day that of his most celebrated horse, Dan Patch, the world's champion pacer. Other horses owned by Mr. Savage included George Gano and Minor Steier, both two minute pacers and Croesus, trotter. Mr. Savage maintained a Minneapolis home but spent most of his time at his racing stables in Savage, a small town near here.

## KENNICOTT HIGH PROFESSIONAL

Springfield, Ill., July 12.—Harrison Kennicott of Chicago was high man in the professional class, hitting 148 out of 150 targets, and C. M. Powers of Decatur led the amateur field, getting 144 out of 150 targets at the meet of the Illinois Trapshooters' League here today.

Men were entered from Lincoln, Bloomington, Decatur and Alexander. The shoot will end tomorrow.

## ARAB PATROLS AND BANDS

Buffalo, July 12.—While the Imperial Council continued its deliberations in executive session today the Arab patrols and bands furnished the visiting thousands with the spectacular features of the 42nd annual session of Nobles of the Mystic Shrine. The women attended a reception at the Scottish Rite cathedral in the morning. This afternoon the patrol drill teams including Alamas Temple of Washington, Lulu Temple of Philadelphia, Mecca Patrol of New York and the Gattling Gun Squad of Murat Temple of Indianapolis, gave an exhibition.

## TELEGRAPHIC BRIEFS

CHICAGO—The Elgin road race, set for August 19 may be abandoned owing to lack of funds according to a statement published here.

NEW YORK—Mrs. Fred Niblo, formerly Miss Josephine Cohan, sister of George M. Cohan, the actor, is dead here.

SPRINGFIELD, Ill.—William E. Cole, was killed and S. W. Cook was injured at Dawson, Ill., near here by an explosion in a thrashing machine which they were moving from one farm to another.

BLOOMINGTON, Ill.—A. M. Augustine, secretary of the Illinois State Horticultural Association announced that the annual summer meeting of the society would be held at Hill View on August 1st, at the Orchard of A. L. McClay.

CHICAGO—Henry Hogan, familiarly known as "Hungry Hogan" the "Up and Down Hackman" who in the 1912 campaign was named by friends as a "joke" candidate for the nomination for congressman-at-large from Illinois and who came near being elected, is dead at his home here.

ALTOONA, Pa.—Railroad detectives are investigating three mysterious explosions at Bell Wood, seven miles east of here. Eighty-six sticks of dynamite were found scattered over four tracks.

CHICAGO—Dr. William E. Caselberry, noted specialist of Chicago, is dead at his summer home at Lake Forest. He was a former president of the American Laryngologist Society and one time member of the medical faculty at Northwestern University.

## REDMOND TERMS SPEECH A DECLARATION OF WAR ON IRISH

Nationalist Leader says Speech of Marquis of Lansdowne was a Breach of Faith.

London, July 12.—John Redmond, leader of the Irish Nationalists today issued a statement characterizing the speech of the Marquis of Lansdowne in the house of lords on Tuesday as a declaration of war on the Irish people. He says also that the speech was a breach of faith apparently made with the intention of wrecking the negotiations for a compromise.

"I regard Lord Lansdowne's speech as a gross insult to Ireland," says Mr. Redmond in his statement. It amounts to a declaration of war on the Irish people and is an announcement of a policy of coercion.

"If this speech is taken as representing the attitude and spirit of the government towards Ireland, there is an end to all hopes of a settlement. The speech seems to me to have been made with the deliberate object of wrecking the negotiations for a settlement."

As deserving special notice, Mr. Redmond cites the following passage from Lord Lansdowne's speech:

"It is a bill which will make structural alterations in the act of 1914, already on the statute book and will be permanent and enduring in character. But it is an act which will contain at other points temporary provisions such as for example, those dealing with the house of commons which it is proposed to set up in the near future."

Mr. Redmond proceeds: "This would be a gross breach of faith, and I desire to state that I adhere strictly to the terms which were submitted to us by Mr. Lloyd-George and which were then submitted by us to the nationalists and any departure in the direction indicated in Lord Lansdowne's suggestion would, so far as we are concerned, bring the negotiations absolutely to an end."

## CAMP OF THE FIRST ILLINOIS CAVALRY A VERITABLE SEA OF MUD

BROWNSVILLE, Texas, July 12.—Illinois troopers in camp here, the First Illinois cavalry are certain the rainy season has set in. Early today a downpour of rain converted the camping ground of the cavalry into a veritable sea of mud, and the rain continued throughout the day with no sign of abatement. Troopers detailed to outpost duty trudged their way thru inches of Texas "dobe."

The troopers for the most part are light hearted and happy. They go about their work singing war songs and chafing each other about their mutual discomfitures. There are some, tho, whose joyous spirit, so evident upon their departure from home has sunk to a minimum quantity.

Corporal Francis Cahill of E troop in charge of outpost No. 1, reported today that his outpost had three times come in contact with armed Mexicans, and that he had fired twice on one of the parties as the Mexicans fled from sight. There was no evidence that any of his shots was effective.

### ELKS PREPARED TO SHIELD MEMBER FAMILIES FROM WANT.

Baltimore, Md., July 12.—A resolution passed at today's session of the Grand Lodge of Elks put the order on record as being "readily, will want the families of any of its members who shall go to the front 'in defense of American honor'."

The authority vested in the board of grand trustees to give a premium of \$2,500 to the successful author and composer of a national anthem that shall be adopted by the congress of the United States was rescinded by another resolution which was adopted.

## ORPET CASE MAY GO TO JURY SATURDAY

TWO MORE SUMMING UP SPEECHES  
REMAIN TO BE MADE

Ralph F. Potter of the Defense Will Finish This Morning Attorney Wilkerson for Defense and David R. Joslyn for State Will Follow.

WAUKEGAN, Ills., July 12.—Two more summing up speeches remain to be made in the trial of William H. Orpet, collegian charged with the murder of Marion Lambert. Ralph F. Potter of the defense, who spoke this afternoon will finish tomorrow forenoon. He will be followed by James H. Wilkerson, also for the defense, and David R. Joslyn, for the state. It is expected the case will go to the jury Saturday night.

The conclusion of the address of State's Attorney Ralph J. Dady, who began yesterday, occupied the forenoon. Mr. Potter followed. The court room was packed and altho by judicial courtesy coats were shed by orators perspired freely at their work. Mr. Potter's effort was the first detailed summary of the interpretation of the defense of the nice balanced bits of circumstance which compose the case. He was very bitter in scoring Dr. Ralph C. Webster, the state's toxicologist who swore on an incomplete analysis that cyanide of sodium was cyanide of potassium, and in his criticism of alleged unethical conduct on the part of Mr. Joslyn.

He denied Mr. Dady's assertion that the circumstances in the case must not be taken as separate instances, but as a sequence of instances—the picture as a whole.

"The law presumes a defendant innocent," said Mr. Potter, "but for purposes of Mr. Dady's sequence the jury is asked to disregard the law and presume him guilty."

Mr. Dady presumes the defendant guilty and bends every circumstance to that end. Nothing could be more unfair than to subject the school boy letters, the school boy fright, to this process.

"The secrecy with which the defendant attempted to hide his trip from Madison to Lake Forest has been held up as the calculating preparation of a hardened criminal, but the explanation is as simple as the boy himself. His father had told him he must not leave the university between semesters, and Marion's parents were opposed to him. The parents of both were to be deceived and he wrote the alibi letters. In the alibi letters to Marion he wrote, and sinister significance has been attached to it—'there is no compulsion about answering this letter. In fact I do not expect any but you never can tell.'"

"That letter was meant for Marion to use in case their interview was found out. And the tone of the letter, too, shows its purpose. Marion was supposed by her parents to have broken with him, and if they saw the letter he wanted it to show that the advance was all on his part."

"They say he is guilty because he ran away from the body and because he told lies. He did both, but let me tell you gentlemen that the man who had calculated a murder never would have run. He would have appeared promptly with the cry, 'Marion has committed suicide' and he lied, gentlemen, as nine out of ten boys would have lied when afraid of a whipping."

"And look at the place they say he selected for his murder—a spot easily visible from the railroad station."

A review of the motives which a Marion might have had for suicide, and her remarks on unhappiness was given by the lawyer.

## STILLWELL & WEEMS EMERGE FROM SEMI-FINALS WITH CLEAN SLATES

Will Play First Round for Championship Cup in Central Illinois Country Club Tournament Today.

Danville, Ill., July 12.—Stillwell and Weems both of Quincy emerged from the golf semi-finals with clean slates in the annual Central Illinois Country Club tournament today and will play their first round for the championship cup tomorrow.

In the semi-finals Stillwell, Quincy defeated Vance, Peoria, 5-4 and Weems defeated Walton, Champaign 2-1.

Simpson, winner of last year's championship cup sliced the timber on the eighth hole and lost to Vance, Peoria, one up.

In the Na Muckie Doon semi-finals, played late today, Howard, Decatur, defeated Troup, Danville, 3-2. Keyes, Springfield, defeated MacLackan, Champaign, 3-2; Craig, of Galesburg defeated Grady, Decatur, 6-5, and Brittingham, Danville, defeated Val, Decatur, 5-3.

In the Unco Doon semi-finals, Abels, Springfield; Anthony, Peoria; Brown, Springfield; Martin, Decatur survived the semi-finals.

The Nil Desperandum cup will be decided in the final flights to be played tomorrow by Chambers, Danville; McKee, Quincy; Munroe, Galesburg and McQuade, Peoria.

### COMMENTS ON VOYAGE OF SUBMARINE DEUTSCHLAND.

Copenhagen, July 12.—via London.—Captain Perissinakis the naval expert writing in the Berliner Tageblatt on the voyage of the German submarine Deutschland to America says it may be assumed the submarine received supplies "from depots on the way." He adds that the exploit of the Deutschland is neither so difficult nor so dangerous as that of the German submarine which went to Constantinople.

## BOY IS KILLED BY MAN-EATING SHARK WHILE BATHING IN BAY

Man Who Attempts Rescue Has Leg Bitten Off and Dies Later—Another Boy Has Leg Torn Almost to Shreds.

MATAWAN, N. J., July 12.—Lester Stillwell, 12 years old, was killed by a man-eating shark while bathing in an arm of Raritan Bay near here this afternoon. Stanley Fisher, 24 years old, who went to his aid, was so badly injured in a struggle with the sea monster that he died while being taken to a Long Beach Hospital. Joseph Dunn, 12 years old, bathing some distance away in the same inlet, was attacked by a shark and one of his legs was so lacerated that it probably will have to be amputated.

This is the third time within two weeks that sharks have claimed the lives of bathers along the New Jersey coast.

A dozen or more boys, who also were bathing in the inlet, heard Stillwell's screams for help. Fisher, who was standing on the bank, went to the rescue. He had gone a few feet when the shark attacked him, tearing a piece out of one thigh.

In spite of his wound Fisher caught the boy up in his arms and had started for shore when the shark renewed the attack. Burdened as he was, Fisher was helpless and the shark snapped off his leg. Fisher released his hold on Stillwell and himself sank beneath the surface, unconscious.

Headless of the danger another boy sprang into the inlet and dragged Fisher out. No trace of Young Stillwell was found and it is believed he was devoured by the shark.

The Dunn boy according to persons who were standing on the bank of the inlet also was attacked soon after going into the water. An elder brother and another boy went to his rescue. They succeeded in driving off the shark, but not until after the younger Dunn's leg had been torn almost to shreds from the knee down. He is expected to recover.

## NEARLY EVERY SECTION OF COUNTRY SUFFERS FROM HEAT

Weather Bureau Offers No Hope of Relief For Several Days to Come.

Washington, July 12.—Nearly every section of the country suffered today in the hottest weather of the summer and the weather bureau could offer no hope of relief for several days to come.

Only a few localities, in the southwest and along the Atlantic Coast, reported temperatures of less than 80. The east and middle west sweltered under a hot sun which kept the mercury at official observation stations above 90 and made street level temperatures 100 degrees or more. Many heat prostrations were reported. California, Northern Nevada and Southern Idaho had official temperatures of above 100. At Fresno, Calif., it was 108.

### Four Die at Philadelphia.

Philadelphia, July 12.—Four deaths and a score of prostrations as a result of the heat were reported here today. The maximum official temperature was 91 degrees, the hottest weather Philadelphia has experienced this year. Street thermometers registered 101.

### One Death at Bloomington.

Bloomington, Ill., July 12.—Berthus Fisher, of Pekin, dropped dead this afternoon as a result of the heat. The government thermometer in this city today registered 100.

## BRITISH FORCES CONTROL WOOD

### Fight Desperately in Face of Determined German Attacks

## TEUTONS GAIN GROUND

### Attack in Mass Formation from Village of Fleury and Chapitre and Vaux Woods

## RUSS CAPTURE MAMAKHATUM

Fighting desperately in the face of determined German attacks, the forces under General Haig succeeded Wednesday in gaining control of the entire Mametz wood, which had been entered the previous night by the Germans.

In the region north of the Somme the British made some progress in the Trones wood and repulsed two heavy attacks against Contalmaison. The Germans are reported to have lost heavily in their attacks on Trones wood.

The French and German forces south of the Somme apparently are resting as there has been almost no activity in that region of Picardy since the first of the week.

Around Verdun however, and especially on the right bank of the Meuse bitter and heavy fighting is in progress between the forces of the German crown prince and the French defenders of the fortress. The Germans following up their success in the region of the Damlop battery, have undertaken a strong offensive toward Fort Souville, the possession of which would strengthen their position for a further advance on Verdun.

Attacking in mass formation from village of Fleury and the Chapitre and Vaux woods, the Germans gained ground at the intersection of Fleury and Vaux roads. The gain however, Paris asserts was made at the cost of "enormous losses."

Violent bombardments continue in the region of Souville, Chenols and LaLauve. There was relative calm on the left bank of the Meuse.

The fierce fighting which has marked the Russian advance across the Stokhod river toward Kovel appears to have quieted down. Petrograd says there has been fighting on this sector but mentions only two minor attacks by the Germans, which it adds were repulsed. There has been some activity north of the Stokhod region, but in Bukovina and Galicia the advance of General Brusiloff's troops seems to have halted for the moment.

The Russians have met with success in Armenia and report the capture of Mamakhatum, fifty miles west of Erzerum and about the same distance from Erzingan, the objective of the Russian drive in this direction.

The Turkish forces, in retreating from the town, which was taken by assault, set it on fire.

Fighting continues at isolated points on the Austro-Italian front and Rome reports some successes in the Adige valley and the recapture in part of positions on Monte Corno. There were artillery bombardments by both sides at other points on this front. Vienna claims the repulse of a strong Italian attack on Monte Rasto, south of the Sugana valley.

## RECEIVE DISTRESS SIGNALS FROM STEAMER; UNABLE TO FIND SHIP

NEW YORK, July 12.—Distress signals from the Steamship Ramos, reporting that her engines were disabled and that she was sinking 310 miles northwest of Watling's Island were picked up at 8:20 a. m., today by the Steamship Van Hogendorp and relayed to the Marconi Wireless Station at Miami, Fla., the Marconi company announced here tonight. The vessel is a coal freighter of 558 tons net with a crew of 15 men. It sailed from Philadelphia July 9th, for Cartagena. The VanHogendorp reported at 5 p. m., today that she had arrived at the last position given by the Ramos and had been unable to locate the ship but was continuing the search in thick weather.

### CHAUTAQUA CAMPERS

NUMEROUS  
Almost a Hundred Tents Already  
Rented For the Occasion.

Already nearly a hundred tents have been rented for Chautauqua season, 28 more than were rented during the entire season last year and yet the event is more than a month away. The popularity of camping on the beautiful ground is increasing and people are finding it a pleasant outing and change at a small expense. The managers are now in a quandary regarding location of tents and will have to give the matter serious consideration before the time comes. It will be brought up at the park board meeting tonight and some disposition of the subject will be attempted.

**For President.**  
CHARLES E. HUGHES.

Already moving picture houses are announcing pictures of the Orpet trial. Certainly enough damage has been done thru the extensive detailed newspaper accounts of that tragedy and trial without giving greater and more intimate publicity by reproduction in the movies.

A year or so ago "Sister Susie's sewing shirts for soldiers" was popular air in every musical comedy opera house in the country. Mrs. Alice Eaves of Galesburg is certainly going to be in "Sister Susie's" class if the war clouds between the United States and Mexico do not blow away. Mrs. Eaves has six sons in company C of the 6th Ill. regiment and a seventh, who is too young to carry a musket, is the mascot of the company.

Carranza has better business judgment than a lot of people credit him with. The first chief has given evidence of this by ordering his representatives to accept only American currency and Mexican silver in payment for postal and customs duties. Not long ago Carranza ordered the arrest of every merchant who refused to accept his currency. The new order shows not only that Carranza knows real money when he sees it, but also that he has vision enough to see the beginning of the end of his administration.

**Scott's Rabbit Foot.**  
Elston Scott, the much reviled murderer who is in his cell at the county jail in Murphysboro attribute his good fortune to the left hind foot of a rabbit which was given him by a devoted friend. He was first sentenced to hang last October but time and again reprieve has been granted because Governor Duane has not been able to get satisfactory assurance from the sheriff that the hanging would be conducted in private. If the governor finds some way to make certain about that privacy, or if a successor who is not quite so obstinate is selected for the present sheriff, the spell cast by Scott's rabbit foot will wane.

**A Shattered Dream**  
A woman who lives near East St. Louis has a really optimistic spirit and is inclined to make the best of things whatever happens. She was recently married to a man who posed as Count de Bussieres. A few days later, as it turned out, the count proved to be Voltaire Lamal, a coal miner. So Mrs. Lamal's dream of being a countess was shattered, but she has declared that the change has made little difference and that her regard for her husband is just as great as before, "and they lived happily ever after."

## Rippling Rhymes

By WALT MASON

**CAMPAIGN TALK**  
Of course it is a great temptation, to talk of Wilson and of Hughes, and rant around, like all creation, over every bit of campaign hughes. I find myself at times a-standing, indulging in the talksmith's job, and frothing at the mouth and hardening forensic trimmings to the mob. But yesterday I stood and yammered in old Jim Bickel's blacksmith shop; this candidate and that I hammered, until Jim's eyes began to pop. And well I knew, while I stood throwing assorted language thru my face, I should be home, and busy hoeing, or fixing fences on the place. With righteous scorn the women viewed me, when I returned to home and farm, and from the cottage door they shoed me, and said I was a false alarm. My wife had pumped eight tubs of water, to wash the duds and scrub the floors, and Ysobel, by flossy daughter, was saving cordwood out of doors. Ten billion flies are needing swatting, yet man, his duties all forgotten, over campaign foolishness is rolled.

The jobs of 50,000 postmasters are at stake in a bill now in conference at Washington. The bill ostensibly aims at reorganizing the postal savings system, but neatly embedded in it as it passed the Senate was a provision making the county a postal unit and each post office located therein subsidiary to the main office, located at the county seat. This would reduce the number of accounting offices from 54,000 to 300. The jobs of the present rural postmasters would be abolished, being changed into those of superintendents of the sub-stations, which would put the postmaster general in position to appoint one postmaster in each county and put all other post offices in that county as substations, subject to his jurisdiction. In other words, the 50,000 postmasterships being wiped out, the offices would be open for the new clerks.

**DATES IN ILLINOIS HISTORY.**  
July 12, 1787—Congress enacted the famous Northwest Ordinance, providing for the organization and government of the territory between the Ohio and Mississippi rivers.

as men, but nevertheless tables recently published by the census bureau go to show that the death rate among women is lower than among men. The figures were the first of the kind ever published by the government and are based on investigations in the New England states, New York, New Jersey, Indiana, Michigan and the District of Columbia. According to these tabulations the average expectation of life for men at birth is 49.9 years and for women 53.2 years. One of the main reasons assigned for the greater span of life for women is the larger number of violent deaths which occur among men. Nearly four-fifths of the deaths resulting from suicide, homicide and accidents are of men.

**Showing Mercy.**  
Rev. Father Hickey, vicar general of the Alton diocese and formerly priest of the Church of Our Savior in this city, has just manifested a broad minded spirit in the treatment of a man who has confessed to robbing the poor boxes in the Church of the Immaculate Conception in Springfield. Speaking of the man who was arrested for this offense, Father Hickey said, "I don't want to prosecute him. He may be guilty but if there is any way I can assist him in reforming and making himself a real man, I want to do it. He is to be pitied and to be helped." Father Hickey has taken the viewpoint most likely to result in the reformation of the culprit. If the latter had been prosecuted and convicted and sent to prison, easily might have happened, he would have come out of prison with more respect for the law but less regard for the church. In this instance the priest gave a real example of the belief that the duty of the church is "to do justice and to love mercy."

**Mexico Buys Second Hand Cars.**  
The advance in values of second hand ships and boats during the past few months has been something marvelous. This is a direct result of the war. Vessels previously considered worth \$200,000 have sold for \$600,000 and a sale of this kind represents about the usual percentage of increase. There has been a similar increase in the demand for second hand railway equipment, although the prices have not advanced so radically. This is largely due to the increased demand for second hand railway material from Mexico. The government there has recently placed orders for twenty second hand locomotives, four or five hundred freight cars and forty to fifty passenger coaches. Most of these are to be supplied by western roads at favorable prices. The next thing it will be up to the United States to decide whether this equipment is to be used as an aid to the movement of the Mexican forces in case of further trouble with the United States.

**Bad for Boston**  
Boston, it is said, is in danger of losing its chief means to culinary fame if the price of the various varieties of beans continues to soar. The crop this year is short and this fact, coupled with the unusual demand for beans as a part of the army supplies, has set the price to soaring. Now beans are worth more than twice as much as is ordinarily true and indications are for still higher prices. So the Boston people are afraid that such high levels will be reached that beans can no longer be the chief article on their bill of fare.

**Profit and Expense from War**  
Members of the midwest theatrical managers' association at the convention in Chicago passed a resolution protesting against a proposed war revenue tax to be imposed upon theatres and places of amusement. It was stated that the proposed tax would take about \$10,000,000 a year from the profits of the theatre owners. Protests will be filed from every other class of business affected by the proposed taxes, but the protests are not likely to cause any great consternation in congress. People might just as well adjust themselves to the fact that increased revenues are necessary if any sort of war preparedness program is to be carried out. Even the mobilization of troops which has thus far taken place has caused an enormous expense to the government and gives just a fair intimation of what the expenditures would be if the United States should later send a large force of soldiery into Mexico. Preparations for war and against war cost money and the people must pay the bills. When the European war began and enormous orders for munitions came to this country, for a time it looked as if the United States would reap only enormous profits. But when the preparedness program as a direct result of the European war is taken into account, the profits show a considerable slumping off.

**Postmasters in Peril.**  
(Pittsburgh Dispatch.)  
The jobs of 50,000 postmasters are at stake in a bill now in conference at Washington. The bill ostensibly aims at reorganizing the postal savings system, but neatly embedded in it as it passed the Senate was a provision making the county a postal unit and each post office located therein subsidiary to the main office, located at the county seat. This would reduce the number of accounting offices from 54,000 to 300. The jobs of the present rural postmasters would be abolished, being changed into those of superintendents of the sub-stations, which would put the postmaster general in position to appoint one postmaster in each county and put all other post offices in that county as substations, subject to his jurisdiction. In other words, the 50,000 postmasterships being wiped out, the offices would be open for the new clerks.

**Licensed to Marry**  
Earl S. French, Lincoln; Hildur Johnson, Orion, Ill.

General Burleson object that it savors too much of political machine building, particularly in a presidential year. Meanwhile the news is apt to be disconcerting to some 50,000 postmasters, whose alarm may have unexpected effects politically to those who have engineered the proposition.

**Just as Well be Frank.**  
We had just as well be frank about it, the revelations made in the hearing of the Ferguson injunction suit at Springfield indicate a great deal of laxity about the state payrolls. The evidence shows that employees of the state have held other positions in Springfield supposedly requiring their full time. It is shown too, that persons who appeared upon the state house payroll as janitors were never seen there except on pay day. Emergency appropriations, according to the evidence, were made and paid out for no good reason other than to provide positions and pay for favored persons. Yes, we had just as well be frank about it and not charge up all these irregularities to the present Democratic administration. They are irregularities which represent the growth of years. It has long been an acknowledged fact that especially during the sessions of the legislature there were many persons upon the payroll who were performing no service for the state. It has been known that persons were upon the payroll drawing salaries out of proportion to their actual labor performed.

From year to year the irregularities seem to have increased and more laxness has developed. Certainly it is high time for a reform in these matters, time for strict economy and honesty to prevail, time to plan for the coming of that day when the state government will be operated on a plain business basis. There is no use being visionary on the subject, for those millennial days are not going to come all at once. But certainly the effort toward reform should not be delayed, and if the people of the state begin in a practical sort of way and in the name of decency and economy to require these changes at least much better conditions than those which now prevail will come.

## STATE NEWS NOTES.

Sam Farris, a jitney driver, is in the Herrin jail on the order of the coroner's jury, charged with the death of the 7-year-old daughter of Jeff Cooper. She was run down by an auto driven by Farris and died from her injuries.

The special election to decide whether there should be a two mill tax to cover the expenses of maintaining the parks in Alton carried by a vote of 915 to 270. Every ward in the city except one returned a majority for the proposed mill tax. Women played a prominent part in the election.

Six applications for pardon or commutation of sentence were heard by the State Board of Pardons recently. On Friday the board will continue the July session at Chester Penitentiary, and on the next Wednesday, July 19, at Joliet.

Cases were taken under advisement today as follows: William H. Forsberg, Cook county, larceny; David Jordan, Macoupin county, rape; Ebert Taylor, Sangamon county, rape; Frank Veal, Franklin county, malicious mischief; Williams Gaston, Cook county, murder; Ernest G. Blanchard, Cook county, murder.

The high school building and the Shipman grade school at Carlinville have been condemned by the state fire marshal. In making his order about the high school building, the marshal declared that if the building is used in the future for school purposes the upper story should be removed and other improvements that would cost about \$10,000. The building is in such condition that it is not now accounted as worth that sum.

Larry Boyer, who was taking a noon day rest at the home of his father in Middleton caused a bad fire, thru carelessness with a cigarette stump. He was lying on a bed and threw the cigarette carelessly aside. In a moment's time the interior of the room was in flames. Aid quickly came and the damage done was not great.

A Burlington Way ratification meeting will be held in Medora August 2 to celebrate the fact that the orange and white automobile trail has been designated as a part of the international paved way. Committees from Palmyra, Medora, Greenfield and Rockbridge recently met and decided upon this celebration. The program will be in connection with the first day's activities of the annual Medora barbecue.

At Freeburg, Ill., a building owned by John Linder was destroyed by fire, causing a loss of \$2500. Six months earlier another barn and a slaughter house owned by the same man were burned. Both fires were of incendiary origin and the state fire marshal has been asked to make an investigation.

According to the statement made by David O. Thomas, county superintendent of highways in St. Clair county, about \$40,000 will be spent there this year for road improvement. Of this sum \$20,000 will come from the state automobile fund. Mr. Thomas has drawn plans not for the building of hard roads but proposing to spend all this money for grading and drainage work along the roads.

FURTHER ATTACK MADE ON  
DUNNE DEEP WATERWAY PLAN

Representative Hubbard Files Amended Petition Intended to Clear Way for Supreme Court Appeal—Project Effectually Blocked.

In an amended petition filed in his suit to restrain the construction of the Dunne deep waterway, W. A. Hubbard of Carrollton argues that the waterway is not a deep waterway at all, within the meaning of the law, and various citations are made to prove it. The petition was made necessary by the action of Judge James A. Creighton of the Sangamon circuit court, before whom the case is pending, in sustaining the demurrer of the state to the petition originally filed by Hubbard.

By amending the petition, it is intended to get the case in shape for appeal to the supreme court, should the final decision of the circuit court be unfavorable.

More stress is laid upon the argument that the eight foot channel proposed is not a deep waterway than upon any other point. The \$20,000,000 bond issue amendment under the authority of which the \$5,000,000 bonds for the construction of the canal are to be issued, Mr. Hubbard contends provides that the money is to be used only for the construction of a deep waterway and that eight feet is not deep.

The waterway project appears to be dead anyhow, just now regardless of the outcome of the suit. The war department has refused to grant a permit for the use of the Illinois river, and the bill offered in Congress has been amended in such a way as to make it unacceptable. Mr. Hubbard does not intend to rest, however, he says.

"It might be possible for the next general assembly to patch the waterway bill up in such a way that it would be accepted at Washington, and at the same time leave it providing only for an eight foot channel," Mr. Hubbard said today. "If we got a ruling from court that an eight foot channel cannot be paid for out of the \$20,000,000 bond issue, that will settle the matter for all time."

Besides, he points out that if the injunction is granted the members of the waterway commission cannot draw their salaries, which are not insured with by the refusal of Washington to O. K. the waterway project. The supreme court has refused to issue a mandamus compelling the state auditor and treasurer to pay the salaries pending the decision of the suit.

## Escape TOOTH Troubles

—by keeping your teeth REALLY CLEAN.

"But," you say, "I brush my teeth regularly, yet they decay." Yes, you brush them, but do you REALLY CLEAN them? Tonight, after brushing your teeth, examine them closely. You will likely find an accumulation of tartar on the enamel and bits of food deposit hiding in the crevices.

Decay, as well as the dangerous gum disease called Pyorrhea, usually develops only in the mouth where germ-laden tartar is present. SENRECO, the formula of a dental specialist, keeps the teeth REALLY CLEAN. It embodies specially prepared soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea.

Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect yourself against Pyorrhea and decay. Send 4c to Senreco, 304 Walnut St., Cincinnati, Ohio, for liberal-sized trial package.

## ORDERS JURY LOCKED UP

Chicago, July 12.—Judge Kiekham Scanlon of the United States district court, presiding over the labor conspiracy trials of seventeen defendants here, tonight ordered the jury locked in its room until 9 o'clock tomorrow morning when it had become evident no verdict would be reached tonight. All the defendants are being held in the county jail without bond, pending the announcement of the verdict. The jury retired this morning at 11:10 o'clock to begin its deliberations.

Miss Hettie Patterson and Miss Ernestine Jastrenski expect to leave tomorrow for Asheville, N. C., to make a vacation visit of two weeks.

## PROGRESSIVES FROM ALL PARTS OF COUNTRY TO HOLD CONFERENCE

Will Consider "Widespread and Bitter Revolt Within the Party" Against Action of Committee in Endorsing Hughes.

New York, July 12.—A conference of representative Progressive from all parts of the country soon will be held in Chicago, it was announced here today by Bainbridge Colby to consider "the widespread and bitter revolt within the party" against the action of the national committee in endorsing Charles E. Hughes, the Republican nominee for the presidency. The date will be decided upon in a few days, Mr. Colby said, and he emphasized that the conference would be national in scope, although all states might not be represented.

Mr. Colby who nominated Theodore Roosevelt for the presidency before the national Progressive convention at Chicago said that he is in receipt of letters from every quarter of the country protesting against what he characterized as "the Perkins-Flinn Program."

This program, he added, "does not represent the thought or feeling of the rank and file of the party." Mr. Colby made public a letter he had received from John M. Parker of Louisiana, the Progressive nominee for vice-president in which Mr. Parker referred to the "star chamber" proceedings of the national committee adding:

"An enormous number of voters will never submit to such treatment and I believe that when we consider the millions of women who will vote this year for the first time and the millions of wage earners who are deeply interested in and believe in the reforms and betterment for the people which we have steadfastly stood for that if we can succeed in calling a new convention, preferably on August 5th, the anniversary of the birth of the Progressive party to demonstrate to the political boss our distrust and to the people of the nation our determination to continue the fight for those principles which we have so strongly advocated will so stir public sentiment that we may see an overwhelming wave of protest against throttling anything pertaining to an independent move for the next generation."

"I am confident we could have immense and representative gathering meet in Chicago, and believe that an earnest appeal to the Progressives all over the country would result in state conventions which would send delegates to put up a couplet." He pointed out that Mr. Parker's was written before he (Colby) had called a conference.

## M'CORMICK CONFERS WITH CHICAGO DEMOCRATIC PARTY LEADERS

CHICAGO, July 12.—Vance McCormick, chairman of the Democratic national committee, was in Chicago today conferring with party leaders and making preliminary arrangements for opening branch national campaign headquarters in Chicago at 100 West Madison St. He talked with Charles R. Crane, Roger C. Sullivan, William L. O'Connell, political representative of Governor Edward C. Dunne of Illinois, Carl Vrooman, assistant secretary of the department of agriculture, George C. Sikes and others.

He stated that the national campaign committee of either 12 or 15 members would be announced within a few days. He said the national campaign in the middle west would be directed from Chicago and the fight in the west from the Pacific Coast. It is said that in making up the campaign committee the Progressives will be given recognition.

W. W. Marsh, of Iowa, treasurer of the Democratic national committee, was mentioned to take charge of the Chicago headquarters.

## ESTIMATE POPULATION OF CHICAGO 2,559,000.

## HUGHES CONTINUES WEEKLY CONFERENCES WITH PARTY LEADERS

Discuss Tentative Campaign Program—Advisers Endorse Proposal to Make Trip to Pacific Coast.

New York, July 12.—Charles E. Hughes continued here today the weekly conferences which he has held with party leaders since making Bridgehampton his summer home. With Chairman Wilcox of the Republican national committee, Senator Penrose, W. Murray Crane, Mayor Thompson of Chicago, and many others the nominee discussed his tentative campaign program. His advisers unanimously endorsed his proposal to make a trip to the Pacific Coast beginning early in August.

After a conference with Mr. Hughes Chairman Wilcox announced that Cornelius N. Bliss has been selected as treasurer of the National Committee to succeed George R. Sheldon and that Fred W. Upham of Chicago would be in charge of the western end of the work. Mr. Upham's headquarters will be in Chicago. Mr. Hughes told Mayor Thompson that he would try to arrange to speak in Chicago early in August.

Mayor Thompson was asked as to the truth of reports that he came here to protest against the appointment of Harold L. Ickes, Progressive leader of Illinois, to the campaign committee.

"I am for anybody whose appointment will help elect Mr. Hughes," he said. "I think we should all get together."

Senator Penrose had a long talk with the nominee at the conclusion of which Mr. Penrose said he was going to take his "coat off and go to work."

Plans were perfected today for the work in the coming presidential campaign of the Hughes' women's alliance. It was decided that the work should be under the control of a central committee of 1,000 women. It was also decided that the enrollment of the women in this country would number more than 1,000,000.

## OLD JACKSONVILLE

## Two Old Catalogues

By Ensley Moore.

Member Illinois State Historical Society.

1836.

The catalogue of Jacksonville Female Academy for the year 1836—eighty years ago—is interesting. It was a booklet of twelve pages, besides the cover of green glazed paper on the outside and white inside. The title page states the publication was "For one year ending August 1836. It was printed in Jacksonville, Ill., by E. T. and C. Goudy, Printers, 1836."

The Trustees were Mr. Elihu Wolcott, President; Hon. Samuel D. Lockwood; His Excel. Joseph Duncan; Mr. Benjamin Godfrey; Rev. J. M. Sturtevant; Dr. Bezael C. Lett; Dr. E. C. Chandler; Matthew Stacy, Esq., Treasurer; Wm. Brown, Esq., Secretary; Mr. John P. Wilkison; Mr. Dennis Rockwell; Mr. Ebenezer T. Miller; Mr. David B. Ayers, Supt. The teachers were: Principal, Miss Emily P. Price; Assistant Pupils, Miss Ann Hart, Miss Ruth W. Bateman.

The addresses of three pupils were cut out on the first page, and the names and addresses of three others on the second page. The latter are supplied herein. The names then, and since—so far as known to the writer—of the sixty eight pupils were:

M. Louisa Taylor, Jacksonville. M. Jane Williams, Hillsboro. Julia A. Wolcott (Carter), Jacksonville.

Julia A. Wright, Naples.

There were two terms of twenty weeks each, \$10 per term. The list of studies was sufficient for the times. "Topics from the Bible, Compositions, Calisthenics and Drawing will receive attention." Any one who has not seen a troupe of pretty girls, arrayed in white, going thru calisthenic exercise has lost something out of life. "Chemical, Philosophical and Astronomical Apparatus have recently been obtained for the use of the Academy." "Connected with the institution is a boarding house. \* \* \* Board, including room rent with bed and other furniture, \$1.75 per week. Bedding, furniture for the wash stand to be furnished by the pupils. Lights, together with conveniences for washing, ironing, etc., furnished at the house at a moderate expense."

1846.

Another catalogue of the Academy, under consideration, was that "For the year ending June, 1846." The imprint was: "Jacksonville: Wm. C. Swett, Printer, 1846." It was of eight pages, besides the light weight, yellow, paper cover.

The Trustees were: Mat Stacy, President; E. T. Miller, Secretary; Hon. Sam'l D. Lockwood; Rev. J. M. Sturtevant; Dennis Rockwell; B. Gillett, M. D.; D. B. Ayers; Elihu Wolcott; E. C. Chandler, M. D.; Hon. John J. Hardin; John T. Jones; Col. Jas. Dunlap; Fleming Stevenson; Rev. Andrew Todd. Teachers: Rev. Wm. H. Williams, Principal, Mrs. A. L. Williams, Misses Sarah Bonney, Frances A. Atherton, Lucretia H. Kimball, Sophia A. Cottrell, Catherine Murdoch. There were twenty six pupils in the primary department and ninety in the advanced department.

"The following pupils have completed the course of study and received certificates:

June, 1845. Catharine Murdoch (Smith), Juliana Wolcott (Carter).

June, 1846.

Louisa C. Jones, Sarah A. Marvin (Dunn), Mary A. McMackin (Divine), Della A. Wetherbee (Wadsworth)."

There were pupils from Illinois, outside of Morgan county, Iowa and Missouri. The course of study appears to have been considerably advanced in the ten years past. "Those who complete the whole course of study, and sustain a correct and exemplary deportment, receive from the Trustees and Principal an appropriate certificate."

The terms were of twenty weeks each. "The Fall Term commences on the second Wednesday in September, followed by a vacation of one week; the Spring Term, on the first Wednesday in February, followed by a vacation of eleven weeks." The tuition was \$8 per term in the primary, and \$12 in the advanced department. Then following these extras: "Fuel, repairs, care of room, etc., \$1. Latin or Greek Languages, \$5; Lessons on the Piano Forte, \$20," all these for a term. Board, Fuel and Light, \$1.50 per week.

## UNFORTUNATE ACCIDENT.

Mrs. J. P. Lippincott Sustains a Fall and Breaks Her Left Arm Near Shoulder.

About eleven o'clock Wednesday morning, Mrs. J. P. Lippincott was passing from one room to another at her home on West College avenue when she tripped on the threshold of the doorway and fell breaking her left arm near shoulder. Help was at once summoned and injured lady taken to Passavant hospital where the X-Ray was used to discover the extent of the injury which at once received suitable attention. She will remain at the hospital till sufficiently recovered to enable her to return home.

A few years since she slipped on the walk on the west side of the square and fell badly breaking her hip and she has been quite crippled ever since and that was probably the cause of the last accident.

## ARE REMODELING BUILDING

The building adjacent to the one occupied by the McCarthy-Gebert cigar factory is being remodelled and enlarged and when the work is completed will be used by the firm. The changes contemplate the building of a second story to the one story part between the present building and the one occupied by the Graham Hardware company. The room which has been occupied by the Free Kindergarten has been vacated and it also will be used. Since the firm moved into the new building which was erected for them by John Lindsay, its business has grown steadily until at the present time there is not enough room for employees. The additional space will enable the firm to put more men at work and give more room for the storing of stock. The furniture used in the kindergarten has been removed and stored at the high school building. It is not known what plans will be made for future kindergarten work.

## UNCLE SAM IN MEXICO

IN 1846 AND 1847.

On December 29, 1845, Texas, after a long wrangle between the United States and Mexico regarding its political status and ownership, was formally annexed to the American Union by an act of Congress. Immediately, President Polk ordered General Zachary Taylor to proceed to occupy the disputed territory between the Nueces River and the Rio Grande. Something resembling a state of war existed from then on, tho actual hostilities between the American troops and the Mexicans did not open till the following April, when all hope of avoiding a conflict had been abandoned by President Polk.

On April 24, 1846, General Taylor sent out a party of sixty three dragoons to watch the course of the Rio Grande above Matamoros. The dragoons were watched by the Mexicans, surprised and either killed or captured. This was the first collision of the war.

Other skirmishes followed, tho the United States was yet unaware of being at war. On May 8 first real engagement of the war, that of Palo Alto, was fought. In this battle the Mexicans outnumbered the Americans almost three to one, Gen. Taylor having at most 2200 men and the Mexicans numbered about 6700. Losses were heavy on both sides, and the battle was continued the next day at Resaca de la Palma, with heavy Mexican losses and the advantage remaining with Uncle Sam's men. The bombardment of the two fields before Matamoros by the American army lasted 168 hours, or exactly a week, which up to this time was almost a record for artillery. A few days later, President Polk having received dispatches from the border, informed Congress that a state of actual war existed between the two countries, and the formal declaration of war by the United States on Mexico followed on May 13, 1846.

Rapid preparations for carrying on the war were made. General Winfield Scott, the head of the army was called in the numerous consultations that followed, and an army, the largest the United States had ever had under arms at one time up to that period was recruited. Before the war ended the United States had in arms in all services 97,000 men, including 67,000 volunteers.

Leaving Taylor to fight his way into Mexico, Scott, after having formed an expeditionary force, sailed for Vera Cruz in November, 1846 to take supreme command of all the armies in the field. Taylor was working his way thru Northern Mexico, while it was Scott's plan to make a desperate journey across the tablelands and mountains to the capital, using Vera Cruz as his base.

Taylor fought a big and decisive battle at Buena Vista on February 22, 1847, against 22,000 Mexicans led by Santa Anna. Part of his troops had been sent to reinforce Scott, and for a time the tide seemed to turn against American arms. The final routing of Santa Anna, however, settled the conquest of Northern Mexico, and all attention was now bestowed upon the operations of Scott in the south.

Scott arrived at Vera Cruz on March 9, 1847 with his army of invasion. He landed three divisions of about 12,000 men between sunset and ten o'clock that night and began to place his batteries of ten-inch mortars so that they would command the fortifications of the port. Having called upon the governor to surrender, he began to bombard the city on March 24. On the 27th overtures for a surrender were made and on March 29 the American flag floated over the forts.

Then began Scott's work of cutting his way to the City of Mexico in the interior on a high tableland. The path was along the National Road, a treacherous way thru the mountains, and his progress was stopped daily. Several heavy engagements were fought, and the incessant fighting and the threat so decimated the gallant American host that by the time he reached the outskirts of the capital, Scott found that his effectives numbered little more than 5,000 men.

The assault on the Mexican capital began in September. On Sept. 12, was fought the desperate battle for the fortress of Chapultepec, where the Mexicans made their last stand. The fighting was dramatic and determined, but finally the Americans carried the fortifications and the city lay before them.

On the morning of Sept. 14, 1847, Scott, at the head of his victorious troops, marched into the City of Mexico. The war was at an end. Peace was signed at Guadalupe Hidalgo February 2, 1848. Under its terms, Mexico ceded the provinces of Mexico and California, for which the United States agreed to pay her \$15,000,000, and gave up all claims to Texas, recognizing the Rio Grande as the southern boundary of Uncle Sam's domain.

## LEFT WITH COMPANY

Arthur Whittier who had his skull fractured in the free for all fight at Mercedia Saturday night left that village with the show company the first of the week. The company went west from Mercedia. It is probable that Whittier was not injured as badly as it was at first thought. It is said that he will not return here to appear against Floyd so that it is probable the latter will get off without punishment aside from a fine.

Roy McKinney of the vicinity of Lynnville has begun threshing wheat and on the Strawn farm the machine is also going while Oscar Erier of the region of Merritt expected to begin threshing today.

## RED SOX TAKE TWO MORE FROM CHICAGO

### ERRORS BY TERRY GIVE BOSTON FIRST GAME

Red Sox Take Lead in Fifth Inning of Second Contest—Suspension of Catcher Agnew is Lifted.

Boston, July 12.—The Red Sox won another double header from Chicago today, the scores being 2 to 1 and 3 to 1. In the eighth inning of the opening game, errors by Terry who went to short when Weaver was put off the field by Umpire Evans, gave Boston the winning run.

The locals took the lead in the fifth inning of the second contest. The suspension of Catcher Agnew was lifted today.

### Cleveland 1-0; New York 0-3

New York, July 12.—Cleveland ousted the New York Americans from the lead today when the Yankees were defeated in both sections of a double header the scores being 1 to 0 and 6 to 0. The first game was a pitchers' battle between Caldwell and Bagby, one run deciding the game in the visiting pitcher's favor. Chapman and Turner opened the second inning of this game with singles and the former scored when Daly hit into a double play. In the second game Caldwell recruited from Davenport held New York to two hits until the eighth inning when he allowed four and Coveleskie relieved him. Fischer pitched well until the eighth when Cleveland won the game by scoring four runs on two triples, two singles and an infield out.

Speaker hit Fischer for a triple and three singles.

### HIGH PRICE FOR PLAYER.

Chicago, July 12.—At a price said to be among the highest ever paid for minor league ball players the Chicago Nationals today purchased Joe Kelly, Indianapolis outfielder. In exchange the Indianapolis club will receive a cash sum of between \$12,000 and \$15,000 and two players yet to be named. The players will not be delivered to Indianapolis for several days but Kelly is expected to join the Cubs tomorrow. Kelly is a right handed batter who hit .300 last year and led 'batter who hit .300 last year and led base stealing. So far this season he is hitting about .300.

### AGREEMENT REACHED.

Denver, Colo., July 12.—An agreement for a twenty round lightweight championship bout at Colorado Springs, Labor Day, will probably be signed in Chicago early next week between Champion Freddie Welsh and an opponent to be selected in Chicago. Eddie Pitts, promoter of the bout, left today for Chicago, with a guarantee of a \$17,500 purse for the event.

### NO OBSERVANCE OF ORANGEMEN'S DAY.

Belfast, Ireland, July 12.—For the first time in the history of the Grand Orange Lodge of Ireland the battle of the Boyne anniversary, commonly known as Orangemen's Day, was not observed in Belfast today. From time immemorial the day has been observed by the Orange men with parades and public meetings. In years gone by the parades frequently resulted in serious clashes with the Catholic organizations. In view of the present critical condition of affairs in Ireland, and in deference to the wish expressed by the authorities, the grand lodge resolved to forego the customary celebration today.

The battle of the Boyne was fought on July 11, 1690, three miles west of Drogheda, on the banks of the Boyne river. The troops of James II., 30,000 strong, were defeated by the forces of William III., with a loss of 1,500 men. It was this battle that assured the ascendancy of Protestantism in England and was fatal to the cause of James II.

After the battle of the Boyne the Irish Catholics, who on account of their Jacobite leanings were oppressed by the English, began to form various semi-revolutionary organizations. In opposition the Irish Protestants formed the Loyal Orange Institution, the members of which were known as Orangemen.

### INDIANA STATE BAR MEETING.

Lafayette, Ind., July 12.—The opening here today of the twelfth annual meeting of the Indiana State Bar Association was marked by a large and representative attendance of lawyers and jurists. President Robert W. McBride, of Indianapolis, presided at the opening session and delivered an address on "American Citizenship." The proceedings will continue over tomorrow. Hampton L. Carson, former attorney-general of Pennsylvania, is scheduled to deliver the annual address before the association.

### AMERICAN LEATHER DYES.

Boston, Mass., July 12.—Exhibits showing recent progress in the manufacture of American leather dyes form a leading feature of the eighth annual National Shoe and Leather Market Fair, which was opened in Mechanics Building today for a week's engagement. The exhibition also includes a large and comprehensive display of shoes, leather, machinery and supplies. During the progress of the show there will be held several conventions of the shoe trade organizations.

Miss Grace Wood is expecting her cousin, Miss Mildred Richley of Richmond, Illinois to arrive today.

## CONCERTED SELLING OF SPECIAL STOCKS FEATURES MARKET

Representative Shares, Notably the Better Known Rails and U. S. Steel Again Withstand Pressure.

New York, July 12.—Concerted selling of special stocks, particularly those issues which suffered most severely in last week's liquidating movement, was the conspicuous feature of today's professional market. The short interest emboldened by its recent success, conducted its operation with greater confidence, but made little headway, except in isolated instances.

Representative shares notably the better known rails and United States Steel again withstood pressure. Steel was forced down to 87 1/2, its lowest quotation since last week's to 87 1/2.

Shipping stocks and Mexicans, together with motors and the coppers fell away in the forenoon but made gradual recovery in part or in whole later.

United States Industrial Alcohol proved to be the storm center recording an extreme of 12 1/2 points to 9 1/2 in the last hour and closing with a net loss of 10 1/2 points. Increase in the Willys-Overland dividend from 6 to 12 percent with an "extra" stock dividend of 10 percent was not announced until the afternoon of the session. The stock closed at a loss of 2 1/2 points, the action of the directors having evidently been discounted.

Pacifies were the only rails to exhibit marked strength. The total sales amounted to 568,000 shares. The prosperous condition of the independent steel manufacturers was seen in the second quarterly statement of the Lackawanna Steel company showing a net gain of almost \$2,000,000 over the same quarter of 1915. Bonds were again inclined to ease.

## Restores Gray Hair Without Dye

Vola-Vita, the New Scientific Discovery, Restores Vitality of Color-Glands and Hair Roots.

The way to restore gray, faded or bleached hair to its original color, without dye or stain, has never before been actually solved. Today it is an accomplished fact. The discovery has been made that hair consists of five principal substances, and that when any one or more of these is missing the hair

"Who would ever think it! Vola-Vita brings a new and hair color without tinging or dyeing the hair!" roots and color glands lose their vitality, the hair turns out turns gray, bald, or falls out. The new scientific discovery, Vola-Vita, restores the missing substances in the hair. The results are: the hair grows luxuriantly, dandruff disappears completely. And another remarkable thing occurs—when your hair was originally red, black or brown, it will restore that exact shade to your hair, no matter how gray, faded or bleached it may now be. Something never before accomplished. Vola-Vita is not a dye or stain. It is a hair revitalizer.

A modern cause of hair troubles is alcohol in hair tonics. Alcohol dries up hair secretions and shortens hair life. Vola-Vita contains no alcohol. Vola-Vita will solve your hair and scalp troubles surely, completely, quickly. Satisfaction guaranteed.

Vola-Vita is sold at all drug stores, \$1.00 a bottle, or sent on receipt of price by Vola-Vita Mfg. Co., Chicago, Ill.

Vola-Vita is sold in..... In Jacksonville by C. L. DePew, J. A. Obermeyer and son, Lee P. Allcott, Armstrong's Drug Store, Coover and Shreve, J. A. Long and Gilbert's pharmacy.

## CROP NOTES IN NORTH-EASTERN PART OF COUNTY

A trip by a Journal reporter to the northeast part of the county recently disclosed some facts regarding the present outlook. In almost every direction corn is looking well. Oats are far above average and hay is generally good. Pastures are also in good condition. The wheat crop is light and scanty in quality tho the sample bids fair to grade well.

John Tompkins on Samuel Dunlap's farm said he had good corn and oats but his wheat was frozen out badly. Oats bid fair to yield fifty bushels to the acre. He said his corn would get along all right for two weeks yet without rain. Recent plowing has loosened the top of the ground so that evaporation will be reduced to a minimum and corn that has not been plowed recently should be cultivated so that the surface will be fine and resist evaporation.

Another interesting visit was paid to Frank Green on Philip Hackman's farm east of Straw's Crossing. Mr. Green has 156 acres of fine land and has been on the farm seven years with a good showing for it. He believes the time has come to raise calves in this country and to that end he has a number of grade Short Horns which he prefers to any other as they are so good for all purposes. For one of his cows he refused an offer of \$80.00, thinking her worth more than that to him.

He has seven horses, eight calves, three yearlings and a lot of hogs. Of late he has given the preference to the Jersey Reds as they are profitable and good rosters but after all he says if the old time Poland Chinas are treated right and not inbred they are hard to beat. For fattening purposes a black sow and red boar make a good cross but the cross must not be carried farther.

When he went to the farm it was somewhat run down but by judicious changing he has built it up and made it yield well. He follows oats with wheat and then grass and pasture so as to keep up the strength of the land all right. He thinks well of cow peas and soy beans but has not tried them as yet.

The way he cares for his implements is well illustrated by the fact that six years ago he bought a second hand binder for fifty dollars and is using it yet and it seemed to the visitor to be doing very good work yet and would do so for years to come.

Mr. Green was cutting his oats and the writer remarked they seemed a trifle green yet but Mr. Green said they were a bit inclined to rust and rain would badly accelerate that trouble so he was shocking them carefully so they would cure all right.

This year he has twenty acres of oats, twenty of wheat and 75 of corn which leaves him plenty of pasture. His corn looks fine and his oats bid fair to yield fifty bushels to the acre but the wheat was frozen badly and will not go more than twelve

to fifteen bushels to the acre. Last year he used Turkey red wheat with excellent results but the beards were in the way and this year he used a smooth head variety.

Mr. Green also has charge of the Straw's Crossing elevator which does quite a business in the season. Last year they handled some 30,000 bushels of grain in two and a half months. At present the trade is mostly in corn with a little wheat and oats.

They offer for new oats 32 cents for mixed and 33 1/2 cents for white oats. They are also engaging new wheat at a dollar for an article that will grade and have already bought 900 bushels to be delivered during July and August. Corn at the elevator brings about 73 cents for delivery within thirty days.

The store at the crossing is owned by C. H. Curtis who runs a wagon gathering up poultry and eggs. He lives near by while G. W. Benton stays in the store and lives in the building.

Across the road from Mr. Green the visitor found his old time friend R. W. Emmerson who, with the help of his son, was getting up his crop of timothy hay which was a very good article. Mr. Emmerson and his son have in all 190 acres of fine land and seem to have enough of this world's goods to insure them in old age.

Richard thinks his timothy will make two tons to the acres which is considered very good. He has 45 acres of corn, eighty of meadow, twenty of oats and twenty he rents. He uses the Texas oats for seed and his crop will be good this year making probably fifty bushels to the acre. He raises a good many calves also and thinks the time has come when raising calves will pay Illinois farmers very well. For hogs he sticks to the old time Poland China breed and thinks he gets best results.

### Demonstrations Coming Fine.

Last week I looked over conditions on a number of the demonstrations which are in progress on the farms of different members. These demonstrations are showing improved methods in handling hogs, cattle, horses, corn, wheat, oats, clover, sweet clover, alfalfa and land. One of the finest things is the improved methods of feeding hogs. The only regret is that the season has been so backward until lately that members have not had time to get together to visit the demonstrations and talk over the results. However, most of these will still show in nice shape after harvest. As soon as the threshing is done, we will have a series of meetings which farmers all over the county can attend to see the results of latest methods and decide on plans for their own adoption.

Some erroneous ideas will be set right by these meetings. For example one member told me the other day that his neighbor considered that alfalfa in this county is a sort of fad and that people will be done to be successful, the consequence is their clover and timothy yields more than their alfalfa, while on other farms where alfalfa is put in sensibly, it yields from two to four times as much as the very best clover or timothy in the county. This fall we can show the members the big stacks and mows full of alfalfa hay from an acreage of land, that would not make half so much bulk of timothy or clover hay.

### Seed Corn Society Meeting.

The Reid's Yellow Dent Seed Corn Society of Tazewell County held a meeting the other evening in Tremont to decide on plans for work this fall. They decided to put on a big seed corn display at the Delavan fair and to offer a special prize of \$5 for the best 10 ears of Reid's Yellow Dent Corn shown in the fair. The society also decided to conduct the corn judging contest at the fair and to hold a meeting at that time with a special program on corn breeding. A plan was also worked out to extend so far as possible the knowledge of good seed corn thru the entire county so as to put the whole county in the front as a corn breeding ground, thus adding to the great reputation already secured in this field.

E. T. Robbins, County Agricultural Agent.

### The Dry Weather Good For Farmers

Many are regretting the dry, hot weather but after all it is a blessing in disguise. The oats and hay are now to be saved and the weather is right for that. A farmer was remarking yesterday that the oats were a little inclined to rust and rain would accelerate that trouble. Hay needs plenty of dry, hot weather so that weather conditions are good for the farmer. The ground is so saturated with water that the corn will not suffer for a week or two yet.

Pastures are the worst hit by the dry, hot weather, but rains are likely to come in time to save them.

### TENNIS EXPERTS PREPARE FOR NATIONAL CHAMPIONSHIP CONTESTS

Maurice McLaughlin Will Make Great Effort To Win Singles Bowl—Japanese Players Coming.

New York, July 10—Officers of the National Tennis Association and followers of the court game in general are watching with unusual interest the tuning up progress of Maurice E. McLaughlin in the expectation that the famous California racket star will make a final effort at the coming National Championships to win outright the singles bowl, emblematic of the title. The "Comet" already holds two legs upon the trophy and needs but one more victory to clinch possession and add the bowl to his large collection of prizes won in all parts of the world. The present bowl, a massive silver

## When Young Men and Old Soldiers Met in 1840

(By Isabel Jamison, for State Historical Society.)

Probably the most spectacular political campaign ever staged by the American people was that of 1840, popularly known as "The Log Cabin and Hard Cider Campaign," which resulted in placing General William Henry Harrison, the hero of Tippecanoe, in the presidential chair.

The "log cabin and hard cider" designation was said to have originated with the Washington correspondent of the Baltimore Republican, who said sneeringly of General Harrison:

"Give him a barrel of hard cider and settle a pension of \$2,000 a year upon him, and our word for it, he will sit the remainder of his days contented in a log cabin."

The Whig party supporting General Harrison was quick to take advantage of this suggestion, perceiving that the log cabin idea would appeal more strongly to the masses than did the notion of the Van Buren gold spoons and gilded dinner service.

Accordingly, the Whig papers ran cuts of log cabins at the head of their editorial columns, and openly gloried in the plebeian tastes of their candidate.

In the Sangamo Journal of November 3, 1838, the editor, Simeon Francis, flung to the breezes of Sangamo County, the Harrison banner in the following words:

"We, this week, raise the standard of William Henry Harrison as a candidate for president. This stand we have not taken without much reflection, but now that we have taken it, we shall not be induced to abandon it unless we conceive that the harmony of our friends absolutely requires it."

Mr. Francis, being a man who had no use for political fences as a roosting place, and who was always on one side or the other, was as good, or better, than his word; and in the stormy political weather that followed, his Sangamo Journal never like a beacon light to the Whigs of Illinois, and his editorial utterances were delivered with no uncertain voice.

It was long before the lazy days of "patent insides" and news ureaus, but there abode in the struggling prairie town of Springfield a firm of silversmiths and engravers, the De Riemers, who fashioned the solid cups and tankards and bowls put up as prizes for fat cattle and pigs and running nags at the first county fairs and who prepared somewhat crude cuts for the infrequent illustrations that appeared in the newspapers of the county.

They engraved for the Sangamo Journal two styles of log cabins, the most popular one showing a canoe moored at one side of the building, with a cannon standing at ease beneath a tree on the other; a hard cider barrel reclined on its side near the front door, whose latch-string dangled conspicuously outside. A flag with twelve stripes and fifteen stars floated from one end of the ridgepole, while a "stick and daub" chimney emitting a fat, solid-looking curl of smoke peeped up at the other end. Below the cabin was the inscription:

"We thank the enemy for giving us the log cabin for our party emblem. It is a most fitting illustration of our principles. It carries the mind back to a period of Republican simplicity when our rulers were faithful and honest. Fortunately, our country is not so old in years, nor our people so enervated by luxury as to forget their log cabin origin. We all know that patriotism resides among our yeomanry. The watchtowers of liberty are guarded and fed by the dwellers in log cabins. We are proud, therefore, of the opportunity of supporting a log cabin candidate for president. We joyfully accept the log cabin as our coat of arms."

The other style of cut showed the log cabin from a different angle. Apparently the cider barrel had been shifted to the other end of the cabin, or, possibly, they had two barrels. In the foreground of this picture, was General Harrison in civilian garb, being interrupted in gar-

den work by an old soldier, in full uniform, whom he was greeting with outstretched hands and an invitation to dinner, as the text beneath explained.

A lusty crop of campaign poets sprang up, and the newspapers of the day teemed with Tippecanoe, log cabin and hard cider doggerel, which could be sung to various popular tunes, "Old Rosin the Beau," being one of the favorites. This literary activity was not confined to the Whig party, as the "Loco-focos," or Van Burenites also burst into song, as frequently and spontaneously as their opponents.

A "Rallying Song" of the Whigs appeared in the early part of the winter of 1839-40, which contained a number of stanzas, two of them being as follows:

"They're rousing, they're rousing, in valley and glen—

The noble in soul and the fearless in heart;

At Freedom's stern call, to the combat again

They rush with a zeal she alone can impart.

From wild Madawaska's dark forests of pine To the far, fertile glades where the Illinois flows.

True sons of their fathers, the people combine To shake off the chains of their tyrants and foes."

On May 1 the Sangamo Journal printed:

"A Loco-Foco and an Echo."

"A Loco-foco exclaimed 'Who is Harrison—wh?'"

Echo responded: "Tippecanoe!"

"Of his bravery and service, what proof now remains?"

Echo responded: "The Thames, Thames, Thames!"

But, being still doubtful, more evidence begs:

Echo responded: "Fort Meigs, Meigs, Meigs!"

Two years from now, I shall find him—where?"

Echo responded: "In the presidential chair."

It was seldom that the name of the author was appended to these literary efforts, but many of them were the productions of local bards. Another popular song that went with a swing and also served to show the temper of the western people was the following:

"In the white house, Van Buren may drink his champagne

And have himself toasted from Georgia to Maine.

But we, in log cabins, with hearts warm and true,

Drink a gourd of hard cider to Old Tippecanoe."

A campaign paper called "The Old Soldier," was printed at the office of the Sangamo Journal, its publication being superintended by the members of the Whig State Central committee, A. G. Henry, E. D. Baker, J. F. Speed, Abraham Lincoln, and R. F. Barrett. Later, on being elected Fund Commissioner, Dr. Barrett withdrew from the staff of the Old Soldier. A Democratic campaign paper, called Old Hickory, was issued in Springfield, the editors being John Calhoun and Stephen A. Douglas.

The focal point of the Whig campaign in Illinois was the "Old Soldiers' reading room," which was opened in the building occupied by the Sangamo Journal. The Tippecanoe singing clubs met there for practice; thunderous editorials, satirical campaign quips and stinging personalities manufactured there, were injected into the campaign with an abandon and disregard of consequences that would turn the editors of the present day green with envy. There the plans for the county campaigns were laid; there the "publicity committee" met nightly and the most brilliant minds of the Whig party in Illinois, bent with enthusiasm to the task of organization.

(To be continued.)

of his tennis campaign late last fall and was ordered by his physician to rest for several months. This spring he has complained of soreness in his racket arm but it is expected that he will be in perfect condition when he comes east to defend his title. R. Norris Williams, the other former champion has played but little tennis to date but is understood to be taking a special course of training in order to be fit for the National Championship tournament, so that it can be seen that McLaughlin is going to have a decidedly hard task ahead of him in his effort to win the singles bowl outright this season, which may be his last in championship play.

Fred Kelley, the California hurdler and Robert Simpson, the record holder from the University of Missouri have both signified their intention of competing in the Amateur Athletic Union championships at Newark in September. Kelly may also try for the All-Round championship title later in the month and close followers of athletics are of the opinion that he will prove a formidable contender in this competition. The announcement that Fred Fulton has claimed the heavyweight title by default, owing to Willard's refusal to meet the Rochester heavy on a certain date, opens a new road to pugilistic honors. It is doubtful, however, if fight fans will accord Fulton the homage paid to a champion whose claim to the title is based upon his efforts in the ring.

## An Historical Fact

Even before the days of our forefathers, extracts from the same kind of roots, herbs and barks, now used in compounding the ingredients for S. S. S., were well known and extensively used among the Indians. Science and modern methods have only changed the Indians way of handling the materials, the essential features are still in evidence in S. S. S.—Nature's Greatest Blood Purifier—and a natural sequence of the Indians favorite medicine.

### COMPANY B, MEMBERS TAKE OATH OF ALLEGIANCE

Lieut. Hale Preparing Men for Early Movement to Training Camp. Lieutenant Hale of Co. B has been busy the past few days giving the oath of allegiance to members of the company. A few days ago Capt. Owen took the oath and since then has administered it to Lieut. Hale.

Lieut. Hale said last night that so far 54 of the men of Co. B had taken the oath of allegiance to the United States and that all of them will have taken it before Sunday.

The main point in the oath of allegiance is that it gives the government the right to send the men outside of the United States if necessary. The oath of a national guardsman applied only to the state.

One feature of the oath is that it provides that the men when not in active service will receive one fourth of the pay they would get in active service. Men already enlisted will only have to serve the remainder of their time from the date of their enlistment in the state service. Thus a member of Co. B who has served two years as a national guardsman will only have to serve one year when he takes the oath of allegiance to the United States.

Lieut. Hale is expecting official orders now to move his company to Springfield Sunday for fifteen days training. While no official information has been given out the officers and men of the Fifth and Sixth regiments are confident that after the fifteen days training the regiments will be sent to the border.

### CARLINVILLE BOOSTS

A large number of Carlinville citizens and more than two hundred others from points along the line from Alton to Springfield gathered in the K. of P. hall in Carlinville Tuesday evening and held a booster meeting in the interest of the Alton Way, according to the Macoupin County Enquirer. There were two special reasons why there was such a good attendance. One was that there was some talk of changing the trail from Carlinville to run thru Bunker Hill and Edwardsville. The other was because the Burlington Way is trying to get the trail from Springfield to St. Louis to run thru Springfield.

At the meeting a new organization was formed and new officers were elected. It was decided to elect a vice president from each town along the way and also that each town should pay five dollars to help cover incidental expenses.

They will endeavor to get the county commissioners busy to help them as much as possible and much enthusiasm is being shown in towns all along the route in regard to the matter, for they realize the value of these trails to their cities.

Iron pumps, Wood pumps, Spray pumps, Meyers pumps are the best, prices right too. Call or phone Brady Bros.

### VISITED FAMILIAR SCENES

L. W. Cully was one of the Morgan county people who recently went on the Wabash excursion to Keokuk and Ft. Madison. He was especially interested in visiting the big dam at Keokuk and in the journey thru the government canal eight miles long. The visit to Ft. Madison meant a return to historic ground for Mr. Cully, as he had been there years ago. He has now in his possession an ox yoke made by Messrs. Soule & Kretzinger who were in Ft. Madison in 1856 manufacturing farm implements. The yoke is the first one made by this firm. Mr. Cully's father and brother at that time worked both oxen and horses.

Just twenty-eight years before Mr. Cully had been in Keokuk and at that time he shipped to this city his trotting stallion "Alamo," one of the best known horses in this county some years ago. The whole trip was very interesting to Mr. Cully.

Dry hot weather means lots of pumping. If you want a good pump buy a Meyers. Big stock of all kinds at Brady Bros., prices right too.

### MOTORCYCLE TOURISTS

Mr. and Mrs. A. Thompson and E. W. Parks of Flint, Mich., were in Jacksonville yesterday enroute home from Dodge City, Kansas, where they went to attend the motorcycle races. They are making the trip on Harley Davidson motorcycles with cars attached. The distance from Flint to Dodge City by the route they followed is 1,588 miles. They traveled an average of 175 miles a day. Mr. Parks in his car carries the suit cases and camping equipment for the party. The weather conditions tho hot have been fine for the trip and the travelers have not spent a single night indoors. They expect to reach Flint in about 5 days. From this city they journeyed direct to Springfield.

### HOSPITAL NOTES

J. J. Winter of Roodhouse called on his father at Passavant Hospital yesterday.

Miss Ursula Davey returned to her home yesterday after having been a patient at Passavant hospital for seven weeks.

Mrs. Mamie DeFrates who has been a patient at Our Savior's hospital has returned to her home.

### DENTISTS WILL HOLD DISTRICT MEETING HERE MONDAY

Will Come to Attend Semi-Annual Session of Morgan County Dental Society.

Dentists from Brown, Cass, Morgan, Pike and Scott counties will meet in Jacksonville Monday, July 17 for the semi-annual meeting of the Morgan County Dental Society.

The first clinic will be given in the morning at 9:30 at Passavant hospital. Dr. Alpha Applebee of Jacksonville will deliver an address on "Painless Cavity Preparation and Pulp Removal under Nitrous Oxide Analgesia." Following this the dentists and their families will meet at the Public Library at 10:30 o'clock. The members of the party will then go for a motor trip around the city. All the institutions will be visited and any wishing to do so will be gladly shown about the grounds.

At noon all will adjourn to the park for dinner. At 1:30 the business meeting will be held in the pavilion with President Dr. A. B. Carey of Pittsfield in charge. The Illinois Dental Law and how it affects the dentist will then be discussed by H. P. Samuel. Mr. Samuel will gladly answer any questions concerning this law, or other dental laws of our state. Dr. G. Edwin Smith of Chicago will give hints on practice helps with a discussion open to all.

The theory that all work and no play makes dentists poor operators is true. Following these numbers on the program adjournment will be made to the ball ground, where the Jacksonville dentists will play a three inning game with the visitors.

The committee in charge of this program consists of Drs. Noyes, Hopper, and Widenham. They have planned that the visitors should enjoy themselves while in the city as well as receive helpful hints for practice. The members at the families of the dentists in the territory have been invited.

### NOTICE

Anyone employing Earl Martin, a minor, will be required by law to pay his wages to his mother.

### HOW SHALL IT BE REMEDIED?

A citizen from the country yesterday was making a bitter complaint of the great number of automobiles which park along the walk on the west side of the square during the latter part of the afternoons. He says that frequently he has had occasion to drive in front of a store and request attention without getting out having no way to hitch his team but the autos prevent him from getting the service he needs and says if kept up it will simply force him to trade elsewhere.

It is a fact that a good many owners of cars do park on the side of the walk when it is in the shade and the temptation to do so is great but others feel that they have rights and privileges too and hence the complaint.

Neat summer Suspenders, 25c, 35c or 50c a pair are shown by FRANK BYRNS Hat Store.

### MURRAYVILLE MEN

A number of men interested in the Murrayville Elevator company made a visit to Archer Ill. Wednesday and inspected a new elevator just erected at that place. The elevator is of the crib type and is equipped with all modern machinery.

The men promoting the Murrayville Elevator are making extensive investigations and within a few days probably will be ready to have plans drawn for the Murrayville elevator. It is contemplated erecting an elevator with a capacity of 30,000 bushels.

Those who made the trip to Archer were: Thomas Langton, Frank Robinson, Jesse Fuller, George Clayton, S. A. Bracewell, Thomas Irlan, John Irlan and R. D. Mawson.

### AUTO TRIP TO MINNESOTA

Mr. and Mrs. J. A. Munson and son Harold, Mr. and Mrs. R. A. Hartman will leave today for a month's visit in Minneapolis and other northern points. They will travel in Mr. Munson's Cadillac car.

### A BEARDSTOWN CUSTOM.

Once a year they have in Beardstown what is called Clerks' excursion day. All stores and saloons and places in which clerks are employed are closed up tight and the man who breaks that rule and sells a little on the sly gains nothing by his perfidy for it is a point of honor worth all business men to observe the rule. The clerks generally have a grand excursion and yesterday being the day they took a boat ride to Peoria and had a royal good time. A good many residents took advantage of the cessation of business to visit other places and Jacksonville as a result entertained a goodly number of them and made them welcome.

### WILL START MARE AT QUINCY

zState Attorney William N. Hairgrove returned Tuesday evening from a business visit in Quincy. While there he entered his mare, Florence, in the 2:18 trot in the racing meet to be held there beginning July 18. W. A. McDaniel of this city who has been training the mare will drive her in the race. Mr. Hairgrove will go to Quincy to see the race and if the mare shows good condition it is probable she will be entered in other races.
